No agenda

No division

Here we are

Wide open

For you

No one higher

No one greater

Here we are

Oh Savior

Come move

Come move

You make us stronger

You win every battle

God when you rise up

Enemies scatter

Mighty defender

Comforting father

You take our weakness

And you make us stronger

In your presence

Heart expectant

Here we are

Wide open

For you

Bind the darkness

Like you promised

Here we are

Oh Savior

Come move

Come move

You take an inch

You make a mile

With nothing but ashes

You start a fire

Found as us captives

Rescued our hearts

Jesus, our victory

How great you are
