Tom: F
Intro: Gm Eb F C Gm Eb F C

Oh think

Think about it (3x)

```
Gm           F              Eb
 Imagine if i said i sometimes need you

    D                Gm
i need you to this day

             F              Eb              D   Gm
imagine if i said i sometimes hear you call my name

             F                Eb
imagine if i said i still could love you

    D                Gm
imagine what you'd say

             F              Eb                    D
imagine if i said i sometimes still can see your face

think

Gm          Eb               F
think about all the things we shared

             C               Gm
think about all the times we cared

             Eb              F
when all of your hopes have come and gone

          C               Gm
think about me and i'll be there

Think about it (3x)

Gm                    F              Eb
 there's something in the air that feels like winter

    D                Gm
the kind we used to know

          F              Eb          D
yesterday can seem like such a long long time ago

Gm           F              Eb
```

```
who could ever count the miles between us

    D                Gm
but now i know it's true

             F                Eb              D
imagine if i said that all my dreams are dreams of you

think

Gm          Eb               F
think about all the things we shared

             C               Gm
think about all the times we cared

             Eb              F
when all of your dreams have come and gone

          C               Gm
think about me and i'll be gone
          Eb              F
think about images we've drawn

          C               Gm
think about all those empty songs

             Eb              F
whenever you're sure that i won't dare

          C               Gm
think about me and i'll be gone
--------------------

Think about it (6x)

Gm          Eb               Gm
it took me a long long time to learn

             Eb              Gm
that love is a thing you have to earn

          Eb          F
i finally realized it's true

                            Gm
that i just can't make it without you
