

Instalok - Baron's Gone

Tom: C

You've got your whole team getting Dragon down
 But all of us are MIA
 And if you don't mind that while you're away
 We'll be taking objectives without delay

Baron's Gone
 Baron's Gone

You went to ward and now it's gone
 You're going to check and it's not there
 Your gonna' wish you were prepared, oh
 Oh you went to ward and now it's gone

Baron's Gone
 Baron's Gone

You should have been there when it spawned
 If this game was already tough
 Then wait till you see our purple buff
 Oh you went to ward and now it's gone

You've got your AD carry bot lane bound
 I just watched your jungler smite blue
 All these Sight Wards in the river
 Oracle's will make me richer
 Contesting would be difficult for you

Baron's Gone
 Baron's Gone

You went to ward and now it's gone
 You're going to check and it's not there
 Your gonna' wish you were prepared, oh
 Oh you went to ward and now it's gone

Baron's Gone

 If this game was already tough

 Oh you went to ward and now it's gone
