Teresinha do claustro e da prece

Do jejum, do sorriso e da cruz

Nosso mundo se rejuvenesce

Se imitar teu menino Jesus!

És mulher, moça e santa no altar

Três encantos que Deus quis unir

Por ser santa, me fazes rezar

Por ser jovem, me ensinas sorrir!

O teu céu nós sabemos que passas

Desfolhando mil rosas do céus

Essas pétalas todas são graças

Que consegues pra nós junto a Deus!

Deus menino, teresa, te ensina

A lição mais sublime, sem par

Ser pequeno é grandeza divina

Não há nada maior do que amar!

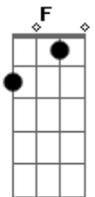

Fazes grande a mulher, teresinha

Tu que vives só rósea manhã

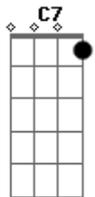

Tens um jeito de mãe e rainha

Nesta graça de ser nossa irmã!
