

Isaac Gracie - Last Words

Tom: **D**

D
Fever rising in the setting sun
A
Cocaine in your eyes and bullets in your gun
D
'N' blood in your nails is scratching for the faith
A
With a noose 'round your neck and a needle in your vein

[Refrão]

A
Ooh, and you say
G
How did I get here and can I get back
D **C**
I thought I was having fun, but no
G
I was just looking for the one
D
Always - looking for the one

D
Well, you don't thank fuck that you got a room
A
Now your friends have left you and you're on your own
D
And the woman in your life wasn't quite enough
A
So, you let her go and leave you and it broke your heart

[Refrão]

A
Ooh, and you say
G
How did I get here and can I get back
D **C**
I thought I was having fun, but no
G
I was just looking for the one
D
Always - looking for the one

D
Well, your mind is empty and your heart is cold
A

And your last routines are getting old
D
Now, people seeing through your web of lies
A
And they're fucking the demons that pour inside

[Refrão]

A
Ooh, and you say
G
How did I get here and can I get back
D **C**
I thought I was having fun, but no
G
I was just looking for the one
D
Always - looking for the one

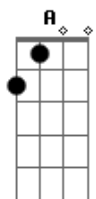

D
Careful what you wish for from the steady life
A
If you want too much you might lose your mind
D
If you only want the woman you saw on TV
A
Then your eyes are open but you just can't see

[Refrão]

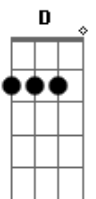

A
Ooh, and you say
G
How did you get here and will you get back
D **C**
I thought we were having fun, but no
G
We were just looking for the one
D
Always - looking for the one

G
How did I get here and can I get back
D **C**
I thought I was having fun, but no
G
I was just looking for the one
D
Always - looking for you
