

Isabel Cristina - Hino da Beata Isabel Cristina

tom:

Branco lírio de pureza ofereces
 A Deus Pai louvor perfeito e verdadeiro
 Vais agora, casta virgem, finalmente
 Alegrar-te com as bodas do Cordeiro

No jardim do céu hoje floresce
 Desta terra a mais bela flor
 Isabel de Cristo, ouve nossa prece
 Vê a igreja, enche-nos de amor

Rubra rosa agora ganhas suma palma
 Tens de Cristo nobre honra e mesma sorte
 Testemunhas não por falas o mistério

G7 C
 Bradas, antes, abraçando a própria morte

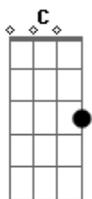

[Refrão]

Jovem santa, holocausto de ternura
 Na família que te forma e ensina
 Vês o pobre, teu irmão, e dele cuidas
 Resplandece a caridade vicentina

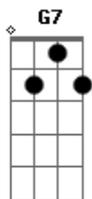

[Refrão]

Abençoa nosso povo machucado
 Mostra aos jovens o valor da santidade
 Que contigo construamos todos juntos
 Novo mundo de amor paz e amizade
