

Isabella Bretz - Come Along

tom:
Capostrate na 2ª casa

I?m almost outside
And from here I see lies in bulk
Do you take me as a dull?
The way you decorate your speech
With dainty words, proficiently
What if you slump
F#m9-
From this place you put yourself in?
What if I run?
F#m9-
I am much stronger than you think
(Cadd9 Em Cadd9 Em)
You once gave me a reason
To tie my life in yours
Where did you hide the joy you've brought
If something bothers you then speak
But don't waste time, life may soon cease
It is too bitter, I can't stay
F#m9-
It's clearly failing
I have worked hard in vain
F#m9-

Patience is fading

I can walk no more
Going side to side on this bridge
From nothing to nowhere, believe

I?m now strong

Ahhh

(Em B Em)

Come along

I?m leaving all of this but come along

Let's make the breaking rope resists

We'll go around the stone

You can stay in here

But then you will be alone

Cause I'll be gone

Let's leave the mess behind and move on

Oh come with me

Or I'll go on my own

I'll go on my own

I?m almost outside

Now choose if you'll come along
