

Isak Danielson - Remember To Remember Me

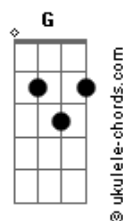

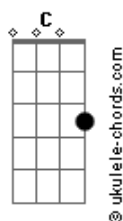

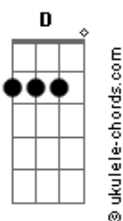

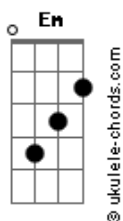

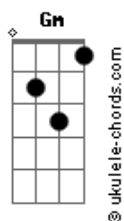

tom:
Gm (forma dos acordes no tom de Em)
Capostrate na 3ª casa

I can feel you're slipping through my hands
I've tried to break the silence
Just wanna know now where we stand
Cause I can see it in your eyes
You don't believe a word I say
Suddenly you're hard to reach
It's like you're tired of trying
I'm lost, can you come back to me
Tell me what you're hiding

Please don't let me go
We've been wrong before
Don't want to lose the memories
Remember to remember me
Thought I'd let you know
You only have to call
I'll remind you how we used to be
Remember to remember me
Ohohohoh oh, Ohohohoh oh
Don't want to lose the memories
I remind you how we used to be
Ohohohoh oh, Ohohohoh oh
Remember to remember me

I don't like the part of moving on

Acordes

I hate to say goodbye
Can't stand this bedroom all alone
When everything reminds me
Of you laying by my side
Please don't let me go
We've been wrong before
Don't want to lose the memories
Remember to remember me
Thought I'd let you know
You only have to call
I'll remind you how we used to be
Remember to remember me
Please don't let me go
We've been wrong before
Don't want to lose the memories
Remember to remember me
Thought I'd let you know
You only have to call
I'll remind you how we used to be
Remember to remember me
Ohohohoh oh, Ohohohoh oh
Don't want to lose the memories
I remind you how we used to be
Ohohohoh oh, Ohohohoh oh
Remember to remember me
