

# Isly - Secret Place Intimate

tom:  
 Lock the door and lose the key  
 In this room, just You and me  
 There's no place that I'd rather be  
 In Your presence I am free  
 Meet me in the secret place  
 Where I can praise You face to face  
 Unrehearsed and unashamed  
 I call upon Your holy name  
 I call upon Your holy name

[Refrão]

Jesus  
 What more could I want?  
 Lord, nothing else matters  
 What more could I need  
 Than You, Jesus?  
 I'd trade the whole world  
 And all that it offers  
 I lay it all down  
 For You, Jesus

[Segunda Parte]

I'm not her? to pay my dues  
 I'm just here to worship You  
 So let Your Spirit rush on through  
 And do what only You can do  
 And do what only You can do

[Refrão]

What more could I want?  
 Lord, nothing else matters  
 What more could I need  
 Than You, Jesus?  
 I'd trade the whole world  
 And all that it offers

## Acordes

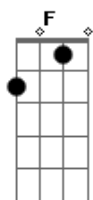

I lay it all down  
 For You, Jesus  
 What more could I want?  
 Lord, nothing else matters  
 What more could I need  
 Than You, Jesus?  
 I'd trade the whole world  
 And all that it offers  
 I lay it all down  
 For You, Jesus  
 ( Bb C F Bb )  
 ( Bb C F Bb )

[Ponte]

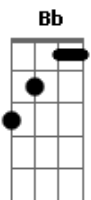

Everything else can wait  
 Father, here I am so meet me with a touch of heaven  
 Nothing will be the same  
 All I'm asking for is just one moment in Your presence  
 Everything else can wait  
 Father, here I am so meet me with a touch of heaven  
 Nothing will be the same  
 All I'm asking for is just one moment in Your presence  
 Everything else can wait  
 Father, here I am so meet me with a touch of heaven  
 Nothing will be the same  
 All I'm asking for is just one moment in Your presence

[Refrão]

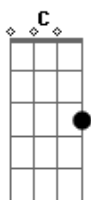

What more could I want?  
 Lord, nothing else matters  
 What more could I need  
 Than You, Jesus?  
 I'd trade the whole world  
 And all that it offers  
 I lay it all down  
 For You, Jesus
