   A
If just for a day our king and queen
        F
Would visit all these islands and saw everything
         G                                        A
How would they feel about the changes of our land

And saw highways on their sacred grounds
        G                                          A

That our people are in great great danger now
A               F              G                    A
How, would they feel, could their smiles be content, then cry

F
And saw traffic lights and railroad tracks
G                                        A
How would they feel about this modern city life
