

Jack Johnson - Holiday

Tom: **D**

(G,A,F#m,**G**)
If we took a holiday
A little time to get away

Just one day out of life

It would be, it would be so nice

(G,A,F#m,**G**)
Holiday

Celebrate

It would be so nice

G Love:

Check it out yo

I dishwash hip hop non stop

Down to New Zealand and you feel the beat drop

We work so hard just to live and survive

Were just lucky like yall feeling the vibe

From my feet to my toes you know how it goes

I eat beats like snacks, fat tracks and microphones

Lay back like jack with a glass of merlot

And you know I'm going bust with that funky ass flow

So my spidy sense is starting to tingle

I'ma eat it up like a booty called single

From Aukland to Japan around the world

In a rush my girl says that I work too much

Soon im going to crash like a tital wave

And I fall on the beach cause it's a holiday

And chill in the shade cause im lemonade

Well my name is G. love and that's my brother Jack J

Holiday

Celebrate

It would be so nice

Holiday

Celebrate

It would be so nice

I walked 37 miles of barbed wire
I got a cobra-snake for a necktie
I got a brand new house on the roadside
Made outta rattlesnake hide
I got a brand new chimney made on top
Made out of a human skull
SO come on darling take a little walk with me

And tell me who do you love?

Who do you love?

Who do you love?

(G[Algumas vezes A])
Focus on this the introductionist

Yeah more the lyricist in this rap metropolis

More like an activist who will give it to you all

Presentation will make you have a ball

Styles start conceiving causing you to meditate

Manipulate the mind with hypnotic modern state

We far from the fakes

We never fake moves

But jealous mofos since the justice approves

And who the hell he be having a fit

Well he ain't got shit

That's why he's in crips

And I identify bodily trips

Business of nonsense nothing less than BS(west side)

And who can hang with the all around remainders
A true entertainer

Revival of the true art form of hip hop

Explore non-stop

Entertain ya till ya drop

Well who do you love?

I say who do you love?
