

Jack Johnson - My Little Girl

Tom: **D**

(refrão)

(verso)

A7sus4 Bm(#5)
Hey, little girl
B7sus4 **D**
Black and white and right and wrong
Bm
Only live inside a song
A
I will sing to you
A7sus4 Bm(#5)
You don't ever have to feel lonely
B7sus4 **D**
You will never lose any tears
Bm
You don't have to feel any sadness
A
When you look back on the years
G
How can I look you in the eyes,
Em
And tell you such big lies?
Bm **A**
The best I can do is try to show you
G
How to love with no fear
Em
My little girl
Bm
You've gone and stole my heart
A **G**
And made it your own
Bm
You've stole my heart
A **G**
And made it your own

A7sus4 Bm(#5)
Hey, little girl
B7sus4 **D**
You might not know this song
Bm
This is not the kind of song
A
That you can sing along to
A7sus4 Bm(#5)
But hey, little girl
B7sus4 **D**
Maybe some day
Bm
least that's what all
A
The good people will say
G
Hey, little girl
Em
Look what you've done
Bm
You've gone and stole my heart
A **G**
And made it your own
Bm
You've stole my heart
A **G**
And made it your own
