

# Jack Johnson - My Little Girl

Tom: **D**

(refrão)

(verso)

Hey, little girl **A7sus4 Bm(#5)**  
 You might not know this song **B7sus4 D Bm**  
 This is not the kind of song **A**  
 That you can sing along to **A7sus4 Bm(#5)**  
 But hey, little girl **B7sus4 D**  
 Maybe some day **Bm**  
 least that's what all **A**  
 The good people will say **G**

Hey, little girl **G**  
 Look what you've done **Em**  
 You've gone and stole my heart **Bm**  
 And made it your own **A G**  
 You've stole my heart **Bm**  
 And made it your own **A G**

Hey, little girl **A7sus4 Bm(#5)**  
 Black and white and right and wrong **D Bm**  
 Only live inside a song **A**  
 I will sing to you **A7sus4 Bm(#5)**  
 You don't ever have to feel lonely **B7sus4 D**  
 You will never lose any tears **Bm**  
 You don't have to feel any sadness **A**  
 When you look back on the years **G**  
 How can I look you in the eyes, **Em**  
 And tell you such big lies? **Bm A**  
 The best I can do is try to show you **G**  
 How to love with no fear **Em**  
 My little girl **Bm**  
 You've gone and stole my heart **A G**  
 And made it your own **Bm**  
 You've stole my heart **A G**  
 And made it your own **A G**
