Solo:

:Verse:
It all happened so much
faster than you could say disaster
wanna take a time lapse and take a look at back.

We found the last one, maybe thats just the answer that we're
after
but after all
we're just a bubble in a boiling pot
just one breath in a chain of thought
moments just combusting
feel certain but we'll never never know

:bridge:

sure seems the same
give it a different name
we're begging and we're needing and we're trying and we're
breathing never

:Chorus:

Knowing
we're shocking but we're nothing, we're just
moments
we're clever but we're clueless we're just
human
amusing and confusing
helping
building and we're growing, we'll never know

never know
never know
never know

:verse:

knock knock on the door to door
tell you that the metaphore is better than yours
and you can either sink or swim
things are looking pretty grim
if you don't belive in they're spoon feeding
It's got no feeling
so i read it again and again and again

:Bride:

sure seems the same
so many different names
are hearts are strong our heads are weak we'll always be
competing never

Knowing
we're shocking but we're nothing, we're just
moments
we're clever but we're clueless we're just
human
amusing and confusing but the
truth is
All we got is questions we'll never know

never know
never know
never know
