When I woke, I was not awake

Light from the sun felt so far away

C (C7 C C7) F
I went up, with all of my strength

Straight for the sun, from the depths I sprang

And I drank from the sea

But it opened up and swallowed me

So I sank down deep

No I'm drunken like a seasick dream
Cdim G7

In this dream, I am awake

[Ponte] C (C7 C C7) F G

I am awake

[Primeira Parte]

C (C7 C C7) F
Well when did all of the waves

Roll right in and make me their slave

So I went so far away

I didn't look back, I'll come back someday

Mamma wept, and she weeped

She said horizon don't you take him from me

Black sails on the sea

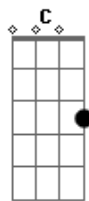

Just carry me until I can be

Awake, in this dream, I am awa.....ke
