(primeira parte)

**Bb** **Eb**  
From my tape deck there's a recklessness

**F**  
Inflections of the world we want

**Bb** **Eb**  
All my friends, my rusty truck

**F**  
We're just specks of love, directionless

**Bb** **Eb**  
Call this band just what we want

**F**  
We can change the name from month to month

**Bb** **Eb**  
Four guitars and zero drums

**F** **E** **Eb**  
We sounded folk but we wanted to be punk

In a world post punk

**Bb** **Eb**  
My friend had an old guitar

**F**  
He took some lessons didn't get very far

**Bb** **Eb**  
An Ibanez with one knob stuck

**F**  
Said, "You can have that thing for fifty bucks"

**Bb** **Eb**  
Laura got a bass but it got no amp

**F**  
Borrowed skills but never gave it back

**Bb** **Eb**  
Luke is just learning how to strum

There's a flame

**Bb**  
As it burns

**Eb**  
As it climes

**F**  
As it turns

**Eb**  
To a blaze

**Bb**  
Well this flame

**Eb**  
It won't last

**F**  
Here it comes

**Eb**  
Hold it close

**Bb**  
Cause this blaze

**Eb**  
Can be fast

**F** **Eb**  
Set it free now there it goes

(segunda parte)

**Bb** **Eb**  
Luke's mom said that after school

**F**  
We could rehearse in the living room

**Bb** **Eb**  
But that sure didn't last too long

**F**  
Guess she didn't know we'd play Fugazi songs

**Bb** **Eb**  
We played these songs in the talent show

**F**  
And all of the girls would be in the front row

**Bb** **Eb**  
But in the end we just chickened out

Because we can't sing

**F**  
We can only shout

Only shhh

(refrão)

**Bb**  
You may find
