

Jack Johnson - Upside Down

```
And there's no time to waste
(intro 2x) E E Gbm Gbm
                                                                      Abm
                                                               Well it all keeps spinning spinning
Who's to say
                                                               Round and round and upside down
what's impossible
                                                                 Who's to say what's impossible and can't be found
      Gbm
Well they forgot
                                                                                    В
                                                                                                  Е
this world keeps spinning
                                                                I don't want this feeling to go away
And with each new day
                                                               Please don't do away
                                                               Please don't go away
                                                               Please don't go away
I can feel a change in everything
And as the surface breaks reflections fade
                                                               Is this how it's supposed to be?
                                                               Is this how it's supposed to be?
                      Gbm
But in some ways they remain the same
And as my mind begins to spread it's wings
                                                               Who's to say
There's no stopping curiosity
                                                               I can't do everything
                                                               Well I can try
I want to turn the whole thing upside down
                                                               And as I roll along I begin to find
 I'll find the things they say just can't be found
                                                                                         Gbm
                                                               Things aren't always just what they seem
 I'll share this love I find with everyone
 We'll sing and dance to mother nature's songs
                                                               I want to turn the whole thing upside down
                    B
 I don't want this feeling to go away
                                                               I'll find the things they say just can't be found

Who's to say I can't do everything
                                                               This world keeps spinning and there's no time to waste
Well I can try, and as I roll along I begin to find
                                                               Well it all keeps spinning spinning round and round and
Things aren't always just what they seem
                                                               Upside down
                                                                                                    F
I want to turn the whole thing upside down
                                                               Who's to say what's impossible and can't be found
