I'm just a waste of her energy
D                   A7                       Em7      A7
and she's just wasting my time
D              A7              Riff1
so why don't we get together
D              A7         Em7          A7
and we could waste everything tonight
                   D
and we could waste
             A7          Riff1
and we could waste it all tonight
```
Intro: (D A7 Em7 A7)
i don't pretend to know what you know (na na..)
now please don't pretend to know what's on my mind
if we already knew everything that everybody knows

```
                                      Riff1
we would have nothing to learn tonight
                                           Riff1
and we would have nothing to show tonight
```

(G A)
but everybody thinks that everybody knows
about everybody else but nobody knows
anything about themselves,
because they're all worried about everybody else
Intro: (solo)

(D A7 Em7 A7)
love is just a waste of our energy
and life is just a waste of our time
```
                      Riff1
so why don't we get together
and we could waste everything tonight
and we could waste
                      Riff1
and we could waste it all
```

(G A)
but everybody thinks that everybody knows
about everybody else but nobody knows
anything about themselves
because they're all worried about everybody else
