Uh Uh , ô ô ô ô ô ô , Let me tell ya now, Uh Uh
                                                             (Let you go, baby)

When I had you to myself, I didn't want you around
                                  Bm
Those pretty faces always make you stand out in a crowd
                                                             Pu Pu Pu Pu
                                                             All I want...
But someone picked you from the bunch, one glance is all it
                                                             Pu Pu Pu Pu
                                                             All I need..

                                Bm
Now it's much too late for me to take a second look
                                                             All I want!

Oh baby, give me one more chance
(To show you that I love you)
                                                             Oh, just one more chance

Trying to live without your love is one long sleepness night
                                                             Oh baby, I need one more chance, hah
