

Jacob Lee - Demons

Tom: G

My heart is weak^{Em}
Tear it down piece by piece^C
Leave me to think^{Em}
Deep in my structure, I think I still love her^{Bm C D}
But I need some sleep^{Em}
You've taken my breath away^C
Now I want to breathe^{D Em}
'Cause I cannot see, what you can see^{Bm C}
So easily^{D Em}
I thought my demons were almost defeated^{Em C}
But you took their side and you pulled them to freedom^{D Em}
They know my secrets and won't let me go, won't let me go^{Em C}
I thought my demons were almost defeated^{D Em}
But you took their side and you pulled them to freedom^{D Em}
I kept your secrets and I thought that you would do the same^{Bm C}
Leave me in peace^{Em}
Caught in my memories^C
Lost underneath^{D Em}

Deep in my structure, I feel a rupture^{Em}
From where she should be^C
You've taken my breath from me^{D Em}
Now I want to breathe^{Bm C}
'Cause I cannot see, what you can see^{D Em}
So easily^{Em C}
I thought my demons were almost defeated^{D Em}
But you took their side and you pulled them to freedom^{Em C}
They know my secrets and won't let me go, won't let me go^{D Em C}
I thought my demons were almost defeated^{D Em}
But you took their side and you pulled them to freedom^{Bm C}
I kept your secrets and I thought that you would do the same^{Em C D}
Take me away^{Em C}
I thought my demons were almost defeated^{D Em}
But you took their side and you pulled them to freedom^{Em C}
They know my secrets and won't let me go, won't let me go^{D Em C}
I thought my demons were almost defeated^{D Em}
But you took their side and you pulled them to freedom^{Bm C}
I kept your secrets and I thought that you would do the same
