

# Jacob Lee - I Belong To You

Intro: E

Tom:

If I could be honest, here in this moment  
 I've been so nervous to stand here with you  
 They're all here for us and I feel their aura  
 But just for a moment I'll pretend it's just you

[Pré-Refrão]

Yes they can hear us, but they don't understand  
 I have said all of my vows behind the curtains  
 I know they see us, but they don't stand a chance  
 I have kissed those lips a thousand times before this

[Refrão]

Tomorrow I'll open in my eyes  
 And I will whisper to my wife  
 "I belong to you"

And I will wait to hear you say  
 As a tear rolls down your face  
 "I belong to you"

If I could be honest, here at the altar  
 I refuse to grow older unless it's with you  
 I fell in love and made you a promise  
 Though I'd never noticed how much it meant to you

[Refrão]

Yes they can hear us, but they misunderstand

There is more behind these words that we have spoken  
 I know they see us, but only at a glance  
 Only you know the man that I am beyond the surface

[Refrão]

Tomorrow I'll open in my eyes  
 And I will whisper to my wife  
 "I belong to you"

And I will wait to hear you say  
 As a tear rolls down your face  
 "I belong to you"

[Ponte]

I belong with you  
 When they let us choose  
 I will say I do

I belong with you  
 When they let us choose  
 I will say I do

[Refrão]

Tomorrow I'll open in my eyes  
 And I will whisper to my wife  
 "I belong to you"

And I will wait to hear you say  
 As a tear rolls down your face  
 I belong to you
