Tom: C

C  
I've been thinking about  
Em  
The way the world turns,  
Am  
And my stomach churns.  
C  
When it finally hits me out of the sky,  
Em  
I knew this day would come  
Am G  
I'm on the front line.

Am  
Woah...  
G  
Don't know how to take it in,  
Am  
Is love just suffering?  
G  
'Cause I can see where the chapter ends  
F  
I've got autumn leaves  
F C C  
And heartbreak dreams inside, inside...  
F  
'Cause you and me  
F C C  
On this frozen sea we slide, slide...

C

I'll wait all on my own  
Em  
Like a flower in the snow,  
Am C  
With just my shadow following me  
Out into the cold,  
Em  
Where I walk past the trees  
Am G  
To look for my love.  
Am  
Woah...  
G  
And its got me wondering,  
Am  
Is love just suffering?  
G  
'Cause I can see where the chapter ends  
F  
I've got autumn leaves  
F C C  
And heartbreak dreams inside, inside...  
F  
'Cause you and me  
F C C  
On this frozen sea we slide, slide...  
C  
Slide...
