They find and they don't seek it  
E  
At the bar but they can't meet it  
E  
Try their best but they can't beat it  
A  
Nice car somebody keys it  
B (Break) E  
There's a beast eating every bit of beauty and yes they feed it

A  
I'm not a finger pointer  
A  
I will not cry your name  
E  
For yeah brothers and sisters  
E  
We are one in the same  
A  
But when my sister suffers  
B

And when my mother cries

E (Break)  
All I want to do is look in someone's eyes and say

Verse

E  
You sleep and you don't dream it  
E  
You're sly but you don't seem it  
E  
You're busy as a flea pit  
E  
You struggle to perceive it  
A  
Is it hard to believe it  
B (Break) E  
There's a beast eating every bit of beauty and yes you feed it

Chorus

A  
I'm not a finger pointer  
A  
I will not cry your name  
E  
For yeah brothers and sisters we are one and the same  
A  
But when my sister suffers  
B  
I am my mother's child  
E (Break)  
All I want to do is look in someone's eyes and say

Verse

E  
Somehow we fear to speak it  
E  
We're scared someone will tweet it  
E  
It's on the wall but you won't read it  
E  
It's gone before you see it  
A  
We all dread to re-repeat it  
B (Break) E  
There's a beast eating bit of beauty yes we can all feed it
