

# James Arthur - Alright

Tom: C  
Intro: C Em Am F  
Ooooh-oooh-oooh

Verse 1:  
C Em  
Endless days and nights so long  
Am  
Where to go to now she's gone  
F  
Your world did hope and now its clear  
C  
Love can also bring you fear  
Em  
She's the first but not the last  
Am  
Young eyes only see the past  
F  
You never wanted it to crash  
G  
But sometimes good things never last

Pre-Chorus:

G Am  
But you cant hear me when I tell you its ok  
G F  
?cause when your world turns black, it's the colours in your day

Chorus:

C Em  
Its alright to hurt inside,  
Dm7 Am F  
cause your? still? falling  
Am F  
Through the holes she left behind  
C Em  
And its alright to hurt inside  
Dm7 Am F  
Cause your? still? falling  
Fm7 C  
Only ti-i-ime ? will make it right  
Em Am F  
Ooh-oooh

Verse 2:

C Em  
She had it all she drank your tears  
Am  
Double sided coin was hers  
F (Once & Mute)  
You took a gamble on those eyes  
C  
You kissed those lips that told you lies  
Em  
Now its time for her to break

Am  
Another love, hard to take  
F  
You must forgive her right away, cause  
G  
Shes only trying to find her place

Pre-Chorus:

G Am  
But you cant hear me when I tell you its ok  
G F  
?cause when your world turns black, it's the colour in your day

C Em  
Its alright to hurt inside,  
Dm7 Am F  
cause your? still? falling  
Am F  
Through the holes she left behind  
C Em  
And its alright to hurt inside  
Dm7 Am F  
Cause your? still? falling  
Fm7 C  
Only ti-i-ime ? will make it right  
Em  
Will make it right  
Am F  
Ooooo-oooh Ooooo-oooh

Bridge:

(Dm7 ) (4x)

Dm7 G  
And every song in life gets heard  
Am G  
Theres a million broken hearts falling back to earth  
Dm7 G  
I know its hard for you to see  
Bbm7 G F  
But you got to feel the pain in order to heal  
Fm7  
Oooooooh

C Em  
Its alright to hurt inside,  
Dm7 Am F  
cause your? still? falling  
Am F  
Through the holes she left behind  
C Em  
And its alright to hurt inside  
Dm7 Am F  
Cause your? still? falling  
Fm7 C  
Only ti-i-ime ? will make it right
