James Arthur - Sleepwalking

```
                              tom:
                  C (forma dos acordes no tom de A )
Capostraste na 3ª casa

             Em                                              D
You brought the Sun, and I brought the moonlight
G                                        Cadd9
We were two souls in a world set to collide
Em                                              D
You brought the wine, and I brought the flowers, mm
G                                       Cadd9
We disappear up in a haze on a summer night
Em              D
I'll wait, I'll wait
                  G
I'm tryin' to matter
                    Cadd9
In someone else's eyes
Em            D
Always, always
                  G
Nothing could matter
                  Cadd9
As much as you and I
          G
I'm sleepwalking
 Cadd9
I dream of you sometimes
               Em
We're not talking
          D
But do I ever cross your mind?
         C             D
I don't wanna let you go
        Em       D
But I know, I know
         C     D
Since we lost it
      Em
I'm sleepwalking
    D
Woo-ooh-ooh
Em                            D
You brought me calm, and I brought you thunder, mm
G                                          Cadd9
You stopped the panic when I got lost in the storm, oh
   Em                 Gm  D
And I feel the waves crashin' over me
 Cm  D                      Gm  D
It's so hard to breathe, I just need you here
      Em            Gm  D
So I'll medicate just to numb the pain
  Cm    D                D
Just to see you there some other way
          G
I'm sleepwalking
 Cadd9
I dream of you sometimes
                Em
We're not talking
           D
But do I ever cross your mind?
          C             D
I don't wanna let you go
        Em       D
But I know, I know
          C      D
That since we lost it
Em
I'm sleepwalking
D
Woo-ooh-ooh
Em
I'm sleepwalking
D
Woo-ooh-ooh
Em                  D
I'll wait, I'll wait
                  G
I'm tryin' to matter
                    Cadd9
In someone else's eyes
Em           D
Always, always
                  G
Nothing could matter
                   Cadd9
As much as you and I
                  G
Said I'm sleepwalking
 Cadd9
I dream of you sometimes
                    Em
When we're not talking
      D
Do I ever cross your mind?
          C             D
I don't wanna let you go
        Em         D
But I know, I know
          C       D
That since we lost it
Em          D
I'm sleepwalking
          C       D
Since we lost it
            Em
I'm sleepwalking
D
Woo-ooh-ooh
            Em
I'm sleepwalking
```
