

James Arthur - You (feat. Travis Barker)

Tom: **G**
Intro: **A**

Fighting
Living
Dying
For what?
For freedom
That's what
Which men have fought
Since time begun
To be free

[Primeira Parte]

A
They've been making
Blanked statements
Scaring everyone
They've been making you
Feel like you never did belong
F7M
Yeah, he said, and she said
Yeah, they said a lot
So many things
F G
They just think you forgot

A
Who you are, and what you do
And where you're coming from
I just thought I could remind
A G
You with this simple song
F7M
Look at body language
Can start to rebuff
To where we're using weapons
Hatred, not love
Not you

[Refrão]
You are in
F7M
The wilderness
Looking for your
Dm7
Own purpose
And you became a
Am7
Butterfly, butterfly
G
I knew you always would
They were throwing
F7M
Sticks and stones
Words can never
Dm7
Break your bones
You can spread your
Am7
Wings and fly
Wings and fly
G
I knew you always would
F7M
I knew you always would
Am7
I knew there always was
Nothing wrong with being

[Interlúdio]

A
Yeah, yeah
You said I'm wanna be
I'm gonna be everything
They said I couldn't be
Everything that I said
I would be when I picked up
A pen and I
Started to speak
I hear the beat
My melody
And I just pour all my
Heart into these sheets
I cannot just be a star
In the streets
Man, I knew what was different
I had that belief

F7M
Nowhere to live
Nothing to eat
You were so hungry that
You couldn't sleep

Dm7
You couldn't breathe

[Segunda Parte]

A
All you ever see
On CNN are enemies

I couldn't be
 All this shit
 Was happening to me
 I would do drugs
 I was a theft
 Still on the run
 From the Police
 You were the mission
 That was given to me
 By the powers to be

[Refrão]

You are in
 The wilderness
 Looking for your
 Own purpose
 And you became a
 Butterfly, butterfly
 I knew you always would
 You are in
 The wilderness
 Looking for your
 Own purpose

And you became a
 Butterfly, butterfly
 I knew you always would
 They were throwing
 Sticks and stones
 Words can never
 Break your bones
 You can spread your
 Wings and fly
 Wings and fly
 I knew you always would
 I knew you always would
 I knew there always was
 I knew there always was
 Nothing wrong with being
 Nothing wrong with being
 You, you, you, you
 You, you, you, you
