**Bb**

It was just like magic  
When your hips came crashin'  
There were fire's burnin'  
And my hands learning  
To paint with passion

**Bb**

It was planets meeting  
It was synced up breathing  
There were Angels callin' and more freefallin'  
And I believed in

**Bb**  
**Eb**

Memories like freight chains hit me  
I replay to keep you with me  
Better to have had then not at all

**Gm** **F**

We were chasing stars  
Across the county lines  
Two imperfect pieces  
With our fingers intertwined

**Gm** **F**

And I would do it all again  
Knowing I'd be left b?hind  
Oh, what a time  
Back when you wer? mine

( **Gm** **F** **Eb** **Bb** )  
( **Gm** **F** **Eb** )

**Bb**

Oh, I'm hurting  
But I'm still certain  
That when the pain  
Comes back in waves  
Yeah, it was worth it

**Eb**  
**Gm** **F** **Eb**

I replay to keep you with me  
Better to have had then not at all

**Gm** **F**

We were chasing stars  
Across the county lines  
Two imperfect pieces  
With our fingers intertwined

**Gm** **F**

And I would do it all again  
Knowing I'd be left b?hind  
Oh, what a time  
Back when you wer? mine

( **Gm** **F** **Eb** **Bb** )  
( **Gm** **F** **Eb** )

**Bb**

(back when you were mine)  
(Oh, we were chasing stars)  
(Oh, we were chasing stars)

**Gm** **F**

We were chasing stars  
Across the county lines  
Two imperfect pieces  
With our fingers intertwined

**Gm** **F**

And I would do it all again  
Knowing I'd be left b?hind  
Oh, what a time  
Back when you wer? mine

**Eb** **Bb**

When you're mine  
Back when you were mine (Oh, when you were)  
Back when you were mine  
(Oh, we were chasin' stars)  
(Oh, we were chasin' stars)

Back when you were mine
