

James Bay - Get Out While You Can

Tom: **G**

Intro: **G C Em C D**

I've been looking all night watching them empty hours

Invisible to these crowds, always double vision

I've been losing my mind listening to broken speech

Stacking up broken seats, it's a lonely picture

And I hear your voice as it echoes 'round my head

Always that same thing that you said

Get out, get out, while you still can

Don't let the night slip through your hands

The world is wide from where you stand, so -

Get out, get out while you still can

Ooh ooh, ooh ooh

As I'm sweeping up glass, I see the exit lights so green

There's people falling into the streets, something comes together

I've been here too long and if I stay, they'll tie me down

I know this chance won't hang around, so I'm gone forever

And I hear your voice as it echoes 'round my head

Always that same thing that you said

Get out, get out, while you still can

Don't let the night slip through your hands

The world is wide from where you stand, so -

Get out, get out while you still can

Ooh ooh, ooh ooh, ooh ooh, yeah-eah

(G Em C G)

Packing up my suitcase, racing down forgotten streets

Making my tracks along the cracks in the concrete

Seeing those headlights shining down upon my feet

If you find me, you will find me on the run

For all the bleeding hearts pushing 'round the stubborn cards

I've seen the cleaner glass, I've seen the faster cars

And I don't need your heavy hours, I don't need your lonely bars

I'm ejected like a bullet from a gun

So take your final look at me, maybe even take my hand

Stay on the staircase, come and chase the master plan

Long way to get away, play it like a grand slam

This is no encore, we have only just begun

So get out, get out, while you still can

Don't let the night slip through your hands

The world is wide from where you stand, so

Get out, get out while you still can

Ooh ooh, ooh ooh, ooh ooh, yeah-eah

Ooh ooh, ooh ooh, ooh ooh, yeah-eah

Acordes
