

# James Blunt - Time Of Our Lives

Tom: **C**  
Intro: **C**

**C**  
Don't close your eyes, dear, don't you  
Be nervous  
You put these hold down place in  
Despair  
I see your friends here, and some of  
Them jealous  
'Cause they know this love don't come  
Off the shelf  
I saw your mother, she looked so  
Beautiful  
'Member when she didn't think I would  
Stay?  
But all of those late nights  
Breakfasts and dinners  
Led us to where we're standing today

**Am**  
I'm feeling time moves slow  
**F**  
I'm seeing faces glow  
**C**  
None of them shine as bright  
**G**  
As you tonight  
**Am**  
I'm hearing voices hush  
**F**  
There's no one else but us  
**C**  
Darling, there's so much love  
**G**  
Under these lights
