

James Morrison - If the rain Must Fall

Tom: **E**

Verso 1:

Oh life can be strange **B** **A**
 Good and bad in so many ways **B** **A**
 And in time you will find **B**
 That things are not always what they seem **Abm** **Db7** **Gb**

Well I've got something to say **B** **A**
 But you might laugh, joke or run away **B** **A**
 Cause I'm awkward and nervous **B**
 Sometimes I don't say much at all **Abm** **Db7** **Gb**

Refrão:

But if the rain must fall **E**
 If I lose it all **Abm**
 If the world comes down and takes my soul **Bb** **Eb**
 If the sky turns black **E**
 And theres no way back **Abm**
 It won't matter much to me **Bb**
 If I had you **Eb**
 All I need is your love **E** **B**
 That's all I need **Dbm** **Abm** **Gb**

All I need is your love

Verso 2:

Oh well dreams can come true **B** **A**
 If you know inside you really want them to **B** **A**
 Or you can sit you can wait **B**
 You can leave your fate in someone else's hands **Abm** **Db7** **Gb**
 Oh but I, I want you **B** **A**
 And nothing else can make me feel the way you do **B** **A**
 So I'm waiting, I'm wishing **B**
 That it's me you'll be holding tonight and every night **Abm** **Db7** **Gb**

Refrão:

But if the rain must fall **E**
 If I lose it all **Abm**
 If the world comes down and takes my soul **Bb** **Eb**
 If the sky turns black **E**
 If theres no way back **Abm**
 It won't matter much to me **Bb**
 If I had you **Eb**
 All I need is your love **E** **B**
 That's all I need **Dbm** **Abm** **Gb**
 All I need is your love
