James Smith - Little Love

tom:
Bm

[Verse 1]
Bm
Breathing gets hard to do, my lungs go black and blue
D
My heart breaks into two
                               A   G
I think that all I needs a little love, just a little love
Bm
I'm stuck in space and time and I live a lonely life
D
But I'm trying to survive
                           A
Without the help of just a little love, just a little love
 G
Just a little love

[Pre-Chorus]

Em
Walking down this road but don't know where it's leading me
G   A
Need someone to take me home

[Chorus]
            Bm   D
I'm on my knees praying, but no one hears a word I'm saying
               A
I'm crying to the skies above, to the skies above
              Em
All I needs a little love, just a little love
            Bm   D
I see my soul flying, alone and it's terrifying
               A
I'm crying to the skies above, to the skies above
              Em
All I needs a little love, just a little love

[Verse 2]

Bm
Wake up to an empty bed, no shoulder to rest my head
D
No energy to move my legs
                          A
I know that all I needs a little love, just a little love
 G
Just a little love
Bm
No pictures upon the wall, no body their to call
D   A

I need a miracle, or something to help me find a little love
                             G
Just a little love, just a little love

[Pre-Chorus]

Em
Running down this road, but no body is chasing me
G   A
Need someone to take me home

I'm on my knees praying, but no one hears a word I'm saying

    Although the sun keeps on rising up,   the rain keeps
falling down

    Been on the ground so long, that I'm bleeding, I'm
bleeding

All I needs a little love, just a little love
