

# James Smith - Say You'll Stay

tom:  
Capostrate na 3ª casa  
Intro: F Am G Dm  
F Am G Dm

[Primeira Parte]

When it's just the two of us  
You told me that I'm what you've always wanted  
But lately, love, if I'm being honest  
I think your promises are built to break  
My mistake

[Segunda Parte]

'Cause inside my chest  
I got one piece left of this broken heart, so  
When I gave it to you I should've been more careful  
So just let go if you can't say you'll stay  
Say you'll stay

[Refrão]

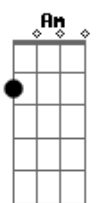

When you love me  
Oh, my heart bleeds  
Till I can't breathe  
So I'd rather be alone than let you  
Hold me  
And leave me lonely  
Unless you show me  
That you mean it when you tell me

You won't go  
Say you'll stay  
Go  
Say you'll stay

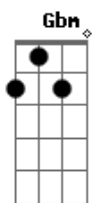

[Terceira Parte]

Are you coming home?

Should I lock the door or should I leave a light on?  
'Cause all my friends, they say you're like a kite, oh  
You're flying high, always changing with the wind  
Should I give in?

[Refrão]

When you love me  
Oh, my heart bleeds  
Till I can't breathe  
So I'd rather be alone than let you  
Hold me  
And leave me lonely  
Unless you show me  
That you mean it when you tell me

You won't go  
Say you'll stay  
Go  
Say you'll stay

[Ponte]

When you love me  
Oh, my heart bleeds  
Till I can't breathe  
So I'd rather be alone than let you  
Hold me  
And leave me lonely  
Unless you show me  
That you mean it when you tell me

You won't go  
Say you'll stay  
Go  
Say you'll stay
