Tom: **B**

**E**  
 Speak until the dust  
**Abm**  
 Settles in the same specific place  
**B**  
 Light refused to go  
**Gb**  
 Drink it from a cast and iron plate  
**Dbm**  
 Instead of cold milk  
**Abm**  
 Was offered unripe  
**B**  
 Instead of silence  
 Considered craven  
**E**  
 Nothing made it seem  
**Abm**  
 Hidden where the aging soil was pure  
**B**  
 Pressed against the crease  
**Gb**  
 Mountains become fragrant at the source  
**Dbm**  
 How can you stand this  
**Abm**  
 Exotic angle  
**B**  
 I read it somewhere  
 That they would lie still  
**E**  
 I remember how cloth hung  
**Abm**  
 Flexing with the forest clung  
**B**  
 Half waist and high raised arms  
**Gb**  
 Kicking at the slightest form

**Dbm**  
 I remember my first love  
**B**  
 I remember my first love  
 I don't know. clap for this bit. if anyone can suggest anything.  
 Unrelied i was called  
 Missing teeth out of favour  
 Nickel beach it was all  
 Gathering by the sundial  
 I woke hard  
 I woke heavy  
 For the half way stop  
 Five whole hours in  
 When i woke hard  
 I woke heavy with the live or parts  
 -----  
**E**  
 I remember how cloth hung  
**Abm**  
 Flexing with the forest clung  
**B**  
 Half waist and high raised arms  
**Gb**  
 Kicking at the slightest form  
**Dbm**  
 I remember my first love  
**B**  
 I remember my first love  
 I remember my first love
