

# James Vincent McMorrow - I Should Go

tom:  
Capostrate na 1ª casa

I never thought I'd ever need you around  
Hard enough to be me only  
Never thought I'd die for a sound  
Hype it up but make it lonely

What about you?  
What about you?  
Bout you? Bout you? Bout you?

Makes me less miserable  
What about you?  
Bout you? Bout you? Bout you?

Bout you? Yeah

'Cause I don't want to be alone tonight  
Then nobody ever does  
I don't want to think I missed the party  
Then I go and I hate everyone  
So find somebody, and love somebody  
Kill somebody, start again  
I don't want to be alone tonight

I figured out that I can drive on my knees  
Everything's about th? timing

Always thought I'd get to the sea  
Drown mys?lf and make it violent

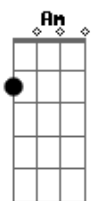

So what about me?  
What about me?  
Bout me? Bout me? Bout me?  
Is something you wanna keep  
What about me?  
Bout me? Bout me? Bout me?

Bout me? yeah

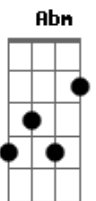

'Cause I don't want to be alone tonight  
Then nobody ever does  
I don't want to think I missed the party  
Then I go and I hate everyone  
So find somebody, and love somebody  
Kill somebody, start again  
I don't want to be alone tonight

Hearts were breaking  
Earth was shaking  
I was thinking, I should go  
Earth was shaking  
Hearts were breaking  
And I was thinking
