

James - One Of The Three

tom:

Intro: Dm Dm

You were one, one of the three
One in three must find some peace
You were one, one of the three
I need proof before belief
Oh, well, you just knew

They'd come for you
So it was suicide, suicide
Oh, well, now you got

Just what you want
I hope you're satisfied
One of the three, one of the three
One of the three, one of the three

You were one, one of the three
One in three must find some peace
You were one, one of the three
I need proof before belief
Oh, well, you just knew

They'd come for you
So it was suicide, suicide
Oh, well, now you got

Just what you want
I hope you're satisfied

Oh, well, I guess you're not
To blame for what they've
Done in your name, in your name
Oh, well, it's a shame you got
So famous for a sacrifice

One of the three, one of the three
One of the three, one of the three

You were one, one of the three
One in three must find some peace
You were one, one of the three
I need proof before belief
Oh, well, you just knew

They'd come for you
So it was suicide, suicide
Oh, well, now you got

Just what you want
I hope you're satisfied
You sent forth your lamb to the slaughter
You sent forth your lamb to the slaughter
