

Jamie Cullum - Don't Stop The Music

```
Tom: C
                                                                Keep on rockin to it
   (intro) C
                                                                Please dont stop the music
Its getting late
                                                                Please dont stop the, please dont stop the music
                                                                ( G Am G Am )
                                                                (CFCF)
I'm making my way over to
                                                                ( G Am G Am )
My favourite place
                                                                (CFCF)
                                                                ( G Am G Am )
I gotta get my body moving
Shake the stress away
                                                                Baby, are you ready coz its getting close
I wasn't looking for nobody
                                                                Dont you feel the passion ready to explode
                                                                                   G
When you looked my way
                                                                Whats going on between us, no one has to know
Possible candidate, yeah
                                                                This is a private show, ohh
Who knew
                                                                Fmai9
                                                                Do you know what you started
That you'd be up here
                                                                                    Em Fmaj9
                                                                I just came here to party
Looking like you always do
                                                                But now we're rocking on the dancefloor
You'd make and staying over here
                                                                Acting naughty
It is impossible
                                                                Your hands around my waist
Baby, I must say that your aura
                                                                Just let the music play
      Αm
Is incredibe
                                                                We're hand in hand
If you dont have to go, dont
                                                                Chest to chest and now we're face to face
