 the reasons things must change  
 And half my life trying to make them stay the same

But love would fade like summer into fall  
 All that I could see was a mystery  
 It made no sense at all

The will of the wind you feel it and then

 It comes and it goes and God only knows  
 You must keep your sense on ready  
 So when it begins get all that you can  
 You must be friend the will of the wind

 They let their days slip away  
 Until they give into
