

# Jamiroquai - Blue Skies

Tom: **G**

There is nothing but blue sky

So these are the figurines **G**  
 Acting out all the scenes before my eyes **Bm**  
**G** I thought I knew them all by name  
 But they started looking much the same  
 And its no surprise **Bm**  
 But I don't wanna listen **Am**  
**D Eb** Too much  
**Em** How can I give up on all the days I know I've won **Bm Am**  
 There is nothing but rainbows **Am**  
**D** I believe in the shadows  
 Now honey  
**G** I thought I might be dropping out  
 Now I am gonna work it out  
**Bm** I'm gonna work with me  
**G** I am running but not enough to lose her  
 Then I'm rolling like a rusty ship on a stormy sea **Bm**  
 You know that people are saying **Am**  
**D Eb** Strange things  
**Em** Talk to the hand 'cause I know you think the face is gone **Bm Am**  
**Am D Eb** I don't wanna listen Too much  
**Em** I am not gonna give up on all the days I know I've won **Bm Am**  
 There is nothing but blue sky **Am**  
**D**

There is nothing but blue sky  
**G** Nothings gonna stop me now  
 I am skimming like a skipping stone on a silver lake **Bm**  
**G** I take it when the chips are down  
 But to play the perfect happy clown you gotta make a mistake **Bm**  
 Then people are saying **Am**  
**D** Strange things  
 And I don't wanna listen **Am**  
**D** Too much yeah  
 Nothing but blue sky **Am**  
**D Eb** Blue sky  
**Em** How can I tell you I know this won't be the last song **Bm Am**  
**Am D Eb** I don't wanna listen Too much  
**Em** Not gonna give up on the days that I know I've won **Bm Am Am D Eb**  
**Fm Cm Bbm** That's where I am going  
 'Cause there is nothing, nothing but blue sky **Eb E**  
**Fm Cm Bbm** That's where I am going  
**Eb Ab** Nothing but rainbows falling down on me  
**Eb** There will be nothing but blue sky  
**Fm** Can't you see  
**Cm Bbm** That's where I am going  
**Fm** Got to believe me  
**Cm Bbm** That's where I am going  
**Fm Cm Bbm** That's where I am going  
**Fm Cm Bbm** That's where I am going
