**Em Gbm B**

I must've died and gone to heaven  
Cos it was a quarter past eleven  
On a Saturday in nineteen eighty nine

Right across from where I'm standing  
On the dance floor she was landing  
It was clear that she was from another time  
Like some baby Barbarella  
With the stars as her umbrella  
She asked me if I'd like to magnetise

Do I have to go star trekking?  
Cos it's you I should be checking  
So she lazer beamed me with her cosmic eyes

[Refrão]

**Abm Gbm B Dbm**  
She's just a cosmic girl  
**Abm Gbm**  
From another galaxy  
**B Dbm**  
My heart's at zero gravity

**Abm Gbm**  
She's from a cosmic world  
**B Dbm**  
Putting me in ecstasy  
**Abm Gbm**  
Transmitting on my frequency  
**B Dbm**  
She's cosmic

[Segunda Parte]

**Em Gbm B**  
I'm scanning all my radars cos she said she's from a quasar  
**Em Gbm B**  
Forty thousand million light years away  
**Em**  
It's a distant solar system,  
**Gbm B**  
I tried to phone but they don't list 'em  
**Em Gbm B**  
So I asked her for a number all the same

**Em**  
She said, step in my transporter  
**Gbm B**  
so I can teleport ya'  
**Em Gbm B**  
All around my heavenly body  
**Em**  
This could be a close encounter  
**Gbm B**  
I should take care not to flounder  
**Em Gbm B**  
Sends me into hyperspace, when I see her pretty face
