(Repete sequencia)

The precipice is there
But will I ever dare
Throw myself in the sky, so at last I can die
See I've become a man
Who holds nothing too dear
Who will mind if I just disappear
This can never really end, it's infinitely sad
Can someone tell me when
Something good became so bad
So if you have a cure
To me would you please send
A picture of my life
With a letter telling how
it should really be instead
