Your love brings life to me, hey!

Rings of cloud and arms aflame, Wings rise up to call your name. Sun rolls high, Lord, it burns the ground Just to tell about the first good man I found.

Yeah, you fill me like the mountains, Yeah, yeah, yeah, yeah,

You fill me like the sea, Lord, Not coming past but still at last Your love brings life to me, Your love brings life to me. Oh oh oh oh oh yeah!

Won't you bring life to me
I said you're gonna ride around
When I'm on a little home babe,
Bring it on home, you bring it on home,
Bring it on home, bring it on home!
