

Jason Becker - Hold On To Love

```
Intro: G Bm G Em
C G Em D
C Am D
    When I was young and full of wonder
                   Em7
    The universe was tender
    Every dream I had would come true
                       Em7
    Music was my worldview
    Hearts fell at my feet
        C
    Each breath was so sweet
              D
    Life was complete
    Now the past is over
    I was cut down much too soon % \left\{ 1,2,\ldots ,n\right\}
          C
    I can?t speak, I can?t play
    But this flesh has much more to say
    I wave good-bye
       C
    To yesterday?s highs
                D
    Life has other plans
               Bm
    Love and confusion
                Em7
    Peace and destruction
    What is the point of it all?
                    D
    Why must we all feel small
```

```
Our hearts are not toys
                C
   We just want real joy
                D
   Life?s just a dream
   You ask me this question
   Due to my unfortunate fate
   How can you carry on
   Without feeling hate
   Love brings light to the darkness inside
                       Am B
   Love?s the voice that sings: Hold on!
