

Jason Castro - Let's Just Fall In Love Again

Tom: **C**

Intro: **C F Fm C F Fm**

C
Let's pretend baby

That you've just met me

And I've never seen you before

C
I'll tell all my friends

That I think you're starin'

And you say the same to yours

Dm
And oh, we'll dance around it all night

And then I'll follow you outside

And try to open up my mouth

And nothing comes out right

C
And I wanna fall in love with you again

I don't have to try

It's so easy

Who needs to pretend?

But because it's so funny

Dm
Let's just think about it, honey

Bb F
Let's just fall in love again

C
I'll call you in three days

Not too soon, not too late

And I'll ask your roommate if you're home

C
You call me on Thursday

And we'll hang out all day

Then fall asleep on the phone

Dm
And oh, I'll hold your hand when we drive

And we'll lose track of all the time

And we'll tell everyone

F
That we ain't never felt so alive

C
And I wanna fall in love with you again

I don't have to try

It's so easy

Who needs to pretend?

But because it's so funny

Dm
Let's just think about it, honey

Bb F
Let's just fall in love again

F
We'll fall disgustingly fast

And we'll stop hangin' out with friends

And they'll be so offended

C
And I wanna fall in love with you again

I don't have to try

It's so easy

Who needs to pretend?

Dm G
But because it's so funny

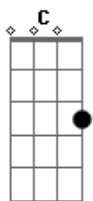

Dm
Let's just think about it, honey

Bb F
Let's just fall in love again

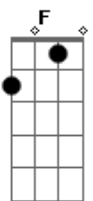

Bb F
Let's just fall in love again

Bb F
So, let's just fall in love again
