Jason Mraz - Man Gave Names To All The Animals

Tom: C

```
Em7                                      B7
Man gave names to all the animals in the beginning in
          Em7
the beginning
Em7                                      B7
Man gave names to all the animals in the beginning a
          Em7
long time ago

Em7                              B7
He saw an animal that liked to growl
B7                           Em7
Big furry paws and he likes to howl
Em7                      B7
Great big furry back and furry hair
                        Em7
I think ill call it a bear

Em7                                      B7
Man gave names to all the animals in the beginning in
          Em7
the beginning
Em7                                    B7
Man gave names to all the animals in the beginning a
          Em7
long time ago

Em7                          B7
He saw an animal up on the hill
B7                                Em7
chewing up so much grass until she was filled
Em7                               B7
He saw milk coming out but he didn't know how
                    Em7
I think ill call it a cow

Em7                                      B7
Man gave names to all the animals in the beginning in
          Em7
the beginning
Em7                                      B7
Man gave names to all the animals in the beginning a
          Em7
long time ago

Em7                            B7
He saw an animal that liked to snort
B7                                Em7
horns on his head and they weren't to short

          Em7
B7
```

```
And it looked like there was nothing that he couldn't pull
                        Em7
I think ill call it a bull

Em7                                       B7
Man gave names to all the animals in the beginning in
          Em7
the beginning
Em7                                      B7
Man gave names to all the animals in the beginning a
          Em7
long time ago

Em7                              B7
He saw an animal leaving a muddy trail
B7                           Em7
real dirty face and a curly tail
Em7                            B7
He wasn't to small he wasn't to big
                    Em7
I think ill call it a pig

Em7                                       B7
Man gave names to all the animals in the beginning in
          Em7
the beginning
Em7                                      B7
Man gave names to all the animals in the beginning a
            Em7
long time ago

Em7                          B7
Next animal that he did see
B7                                Em7
had wool on his back and hooves on his feet
Em7                                B7
eating grass on a mountain side so steep
                             Em7
I'm gonna call that one a sheep

Em7                                       B7
Man gave names to all the animals in the beginning in
            Em7
the beginning
Em7                                      B7
Man gave names to all the animals in the beginning a
             Em7
long time ago

Em7                            B7
Saw an animal as smooth as glass
B7                              Em7
slithering his way through the grass
Em7                                B7
he saw him disappear by a tree near the lake
