Bridge/Part D

"Ba ba ba"/Part E

-(Do some scat stuff here)

Oh love it's a brittle madness, I sing about it in all my sadness

It's not falsified to say that I found god so inevitably well, It still exists pale and fine. I can't dismiss

And I won't resist and if I die well at least I tried

And we just lay awake in lust and rust in the rain And pour over everything we say we trust

It happened again, I listened in thru hallways and thin doors Where the rivers unwind, rust and in the rain endure.

The rust and the rain are sins

And I'm in like Flynn again - PLAY INTRO AGAIN

PART B

So go on place your order now cause some other time is right around the clock

You can stand in line. it finally begins just around the clock Hope you enjoy it.

You can have your pick if your stomach is sick whether you eat

And there is just one thing that I never forgot

PART C

And we just lay awake in lust and rust in the rain And pour over everything we say we trust

It happened again, I listened in thru hallways and thin doors Where the rivers unwind, rust and in the rain so easy

You see well I'm feeling lucky oh well, maybe that's just me You should be proud of me oh hell if you could only see That we're gonna grow on up to be, ah yes

We are thick as thieves
