Acoustic Version.... and i guess the album version too.
Listen to the song and figure out the strumming and the timing (2x)
Tuning: Standard
Intro: starts with a simple slide here and there...

End of Intro

BEGINNING VERSE

WHEN HE STARTS TO SING

"I hear she's kickin ass across the board
And rock two hundred thousand higher scorer
she's a warrior
i couldn't play again because the game it never ended
It never even landed on the can
And never let me in to spend my quarter
there's no love for me..."
(2x)

NEXT AT

"....no more say it isn't so
how she easily come, and she easy go
please don't tell her that i've been meaning to miss her.."

NEXT, WHEN HE SINGS "... Because i dont...."

NEXT AT

"she was the girl with the broadest shoulders
But she would die before i crawled over them
she is taller than i am
she knew i wouldn't mind the view there
or the altitude with a mouth full of air
she let me down and doubt came out until the now became
later..."
(2x)

NEXT, HE SINGS

"...say that it isn't so
how she easily come, how she easy go

please don't tell her cause she don't really need to know.."

CHORUS

NEXT, WHEN HE SINGS

"...that i'm crazy like the rest of us
and i'm crazier when i'm next to her"
(2x)

THIS IS WHERE HE PLAYS THE SOLO... doo doo doo doo doo..

NEXT AT

"so why after the all of everything that came and went
I care enough to still be singing of the bitter end and broken
eras
i told you i don't but
i am only trying to be the best with my attempt
To cure the rest is sure to lay me ease
The plural hurts of the words of reverse psychology
that's...."
(2x)

NEXT AT

"...easier said, easier than done
please don't dare to tell her what i've become
please don't mention all the attention i have drawn
please don't bother cause she'll feel guilty when i'm gone..."
(2x)

CHORUS

"..because i'm crazy like the rest of us
but i'm crazier when i'm next to her
and it's amazing how she's so self-assured
but i know she'd hate me if she knew my words
do i hurt anymore
do i hurt, well..."
(4x)

Ending

"i don't..... i don't.....i don't

Thats it.... pretty easy. Sorry if it was confusing.
This is my first Posting...Never had guitar lessons.. i dont
even
know how to read chords. I just figured how to read tabs
about a month ago, so i apologize if there are any errors.
Let me know how if it works or Not... email me. **GOOD OR**
Bad... constructive criticism is appreciative. **ThaNKSSSS**
