

Jason Mraz - Try Try Try

Tom: G

G B
Oh baby we can fight like dogs we can fight like cats
A dirty laundry needs a laundry man

Em
Maybe the king and the queen should lay off the
caffeine

C D D D
Baby breathe before you react

G B
Sometimes we do forget to behave and we regret what we say
Cause words are too weapons if we don't choose'em
carefully

Em
Ladies and gentlemen this is instrumental

C D D D
If life's to be a bed of roses

C D
I know I gave you everything you like

Am D
Because you still give me butterflies

C D
If we just try try try

G Em
Just to be ni-ni-nice

C D G Em
Then the world would be a better place for you and I

C D
If we just live our lives

G Em
Putting our differences aside

C D G
Oh that would be so beautiful to me

G B
Are we just dangling in the middle of a galaxy
Well I'm stoked on gravity

Em C
To be stuck with you like flowers on the dew drops

D
Now let it in my direction

G
My direction is up when everybody's down

B
Cause I don't mind being anybody's clown

Em
I love a little lift cause I'm an optimistic

C D
In an altruistic way

G B
Cause basically this place is needing instruments of harmony

Em C D
Spreading my philosophy of love and inspiration

C D
Oh these words I speak I commit to like a crime

Am D
With a rhythm I deliver I'm giving them a picture of the
reasons why

C D
If we just try try try

G Em
Just to be ni-ni-nice

C D G Em
Then the world would be a better place for you and I

C D
If we just live our lives

G Em
Putting our differences aside

C D G
Oh that would be so beautiful to me

A B
Well it wouldn't cost a penny but could save so many lonely
lives from teary eyes

D
If we just try try try

A B
To open up a can of understanding open up your heart

G
I'm just planting seeds

D
Cause I believe

C D
If we just try try try

G Em
Just to be ni-ni-nice

C D G Em
Then the world would be a better place for you and I

C D
If we just live our lives

G Em
Putting our differences aside

C D G
Oh that would be so beautiful to me

C D
If we could try

G Em
Just to be nice

C D G
That could be so beautiful to me...
