[Primeira Parte]

She's a green garden goddess
 Tender of the weed

She knows how?to find it

Grows everything she needs

She's a real wise woman

With so much love to give

She gives so much

'Cause she stays in touch

With what her truest nature is

She's a green garden goddess

She hears the universe

She's out there with the planet

But she keeps it down to earth

[Refrão]

'Cause she the wise, wise woman

Woman, woman (Mmh, mmh)

She keeps my mind open, mind open

Dealin' herbal remedies

And I got real high on love

Acordes

And the gate's unlocked for us
