

Jason Mraz - Zero Percent

Tom: F

F C Dm
Our friends on the front porch telling jokes and they swing
Bb
Swiftly towards happier times
F C Dm
Expending lines and finding more energy for the effort and
Bb
Getting distance from that front porch spotlight
F C Dm Bb
But us we found peace in shadows long enough to see the
monsters rise
F C Dm
Candy's got some space to fill in her daydreams living high on
Bb
Yesterday's lie
F C Dm
Talking to me about some 0% interest and how she got a better
Bb
Deal than the next guy

Dm Dm Dm Dm
And the way the lightning shocked us when we were lost and
Dm Dm Dm Dm
Looking down that long missouri highway your hair was longer
Dm Bb7
Then and now i remember

F C Dm
Oh the roads unencumbered by cats they're burning like wet
Bb
Matches thru my miracle mile mind
F C
Dm
You left your thumbprint inside me now for months it seems but
Bb
Mine only brushes your soft surface
F C Dm Bb
And somehow it leaves me listless, my tongue curls under my
lips

Oh yes
F C Dm Bb
So i cant speak to tell you of the months before i met you

Dm Dm Dm Dm Dm Dm
And the way the truth it locked us right about the time after
Dm Dm
The lightning shocked us
Dm Dm Dm Dm
When we were young and missing
Dm Dm Dm
Round that small new england byway our lives they were
sheltered
Dm Bb7
Then and now i remember

F C Dm
Well its not even being about that anymore i gotta get you
down
Bb F

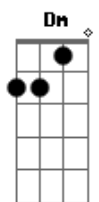

Those tiny fragments of perfection they please me in a time
C
Unchanged when its not the same beginning
Dm Bb F
Or along awaited end.. if i knew all the words i would write
C
Myself out of here
Dm Bb
If i was all the colors i would paint you pretty in gold in a
F
Picture so i'm told little sister
C Dm
So now i'm sold little sister why don't you tell me about the
Bb
Sunsets in sweden and the laws of eden
F
And how you were the rock of gibraltar and how they called you
C
Foxy
Dm Bb
Well that's another whole box of pandoras, that's another
whole

Box of them ties
F C
Slide your foot off the gas before we crash right back into
the
Dm Bb
Median
F C Dm Bb
It separates our house from the middle of the street.. talking

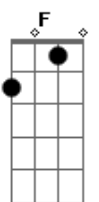

About our house
F C Dm
Is on the front porch telling jokes and they swing swiftly
Bb
Towards happier times
F C Dm
Expending lines and finding more energy for the effort and
Bb
Getting distance from that front porch spotlight
F C Dm Bb
But us we found peace in shadows long enough to see a monster

Die.
F C Dm
We all need to find a little space in our daydreams long
enough
Bb
And just so long.
F C Dm
Long enough, just as long, just so long as its long enough is
it
Bb
Long enough?
F C Dm Bb
Is it long enough for me? long enough for me to chew on.
F C Dm
Bb
If it isn't.. if it is't .. if it is't .. if it ain't if it
don't if it can't
F
Then it wont.
