

Jaymay - One May Die So Lonely

tom:
Capostrate na 4ª casa

E (forma dos acordes no tom de C)

Remind me again just what you were sayin

When u walked in the room when the music was playin

I was lost too but in my own thoughts

And I could not find you

Tell me your story, I'm listening this time
I can get us some glasses and a bottle of wine

We can sit on the carpet sit on the table or sit on the moon

You can reach for my hand
You can say what you like

Is just what you just can't stand

You can be a boy or a little old man, be what you want--even
nothin at all--

Be with me

Why not forgive us? quit holdin your breath
You reach with your right hand like it's all thats left

For the knob of the door
But i love your ankles

You fall on my floor

You roll your eyes
You're so sick of this
"Jaymay, the bracelet i placed on your wrist--you lost it"

Lets face it, i think we both lost it

A little bit

"I know you're livin in london

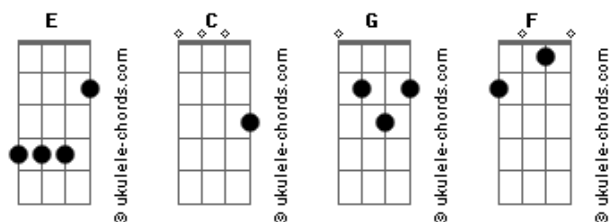

You keep on complaining where is the sunshine, it always is
raining

That's all I am hearing, skies ain't clearing
Your eyes keep on tearing

You're missing New York

Pause

Acordes

But do you miss me
Do you miss our talks
Do you miss our touchin and our midnight walks

Do you miss the ocean
Do you miss the sand

Do you miss me at all
Miss ya here, man

I have to laugh like crazy
I really think you're crazy
You might as well ask is a hot day is hazy

Is your left eye navy? have i ever lay lazy with you on the
grass?

Let me get something straight
You know I hate

This feeling that's growing
To think you're not knowing

Wherever I may run
Even if it's dumb
I love only you

You are the only one

So it really doesn't matter
If I'm sorta having fun
If for a cruel second
I get a glimpse of the sun

Whether singing on stages or filling up pages
Somethings undone

And the song ends here
Cause youre really weird
And we havent said a word in over a year

It just gives me hope
Like music is a rope

To hold you right here

And I'm sorry for these lines
I'm sorry for my crimes

And I'm sorry for the oceans I sailed all the times

If i ever gave you something it probably was the notion

I never gave you nothing but a very hard time
